Lisa Sarant, R.N.
School Nurse
Goodyear Early Childhood Center

April 1, 2016

Dear Ms. Cicchetti,

I received your request for feedback on the vision screenings performed by the Lions organization here at the Goodyear Early Childhood Center.

The vision screening was a success. One student referred for vision was subsequently prescribed with corrective lenses and another student referred through the screening who already had prescription lenses, was identified as needing an adjustment to her prescription.

The Lions representative, Mr. Tom Kohl, was very professional in his task and welcomed the involvement of the school nurse and teaching staff in helping the children adapt to the screening process.

All children were screened in just 2 days enabling those children referred to start their preschool experience with optimal visual acuity.

We look forward to continuing our collaboration with this wonderful organization in providing this valuable service to the children in our community.

Sincerely,

A handwritten signature in cursive script that reads "Lisa Sarant R.N.".

Lisa Sarant, R.N.
